Fire Prevention in Schools

A school is one of the most important resources in a community. School fires destroy costly bricks and mortar, and also the heart of a community.

This pamphlet summarizes fire prevention regulations affecting schools. It also explains where to find more detailed information about regulations.

Fire prevention laws can be found in M.G.L. Chapter 148. Most fire prevention regulations affecting schools can be found in 527 Code of Massachusetts Regulations (CMR) 1.00. The Department of Fire Services' website has these and many helpful Office the State Fire Marshal (OSFM) *Advisories*. Visit www.mass.gov/dfs and look for *DFS Advisories* under *News & Events* and under *Fire Prevention*.
