

NANTUCKET LIGHTHOUSE SCHOOL'S
EDUCATIONAL SPEAKER SERIES
PRESENTS

In Partnership with:

Dr. Edward Hallowell

Psychiatrist, Author, Nation's Leading Expert on ADHD

In his work with clients of all ages, Dr. Hallowell has learned that a strength-based approach to the diagnosis and treatment of ADHD leads to the best outcomes. From childhood through adulthood, ADHD presents both difficult dilemmas and unique opportunities for change, growth, and success.

SAVE THE DATE

The Classroom Management of ADHD

Wednesday, October 23 | 1:00-3:30 PM

Interactive workshop for educators, administrators, behavioral health clinicians and health care providers

NHS Mary P. Walker Auditorium

In his workshop, Dr. Hallowell will offer specific, concrete and practical ways to manage ADHD in a mainstream classroom. His message will be all-encompassing as he explains what it's like to have ADHD, the brain science behind it, and how to get diagnosed properly.

Unwrapping the Gifts: ADHD Across the Life Span

Wednesday, October 23 | 6:00-7:30 PM

Community Lecture | Nantucket Whaling Museum

Dr. Hallowell will share the exciting new information that researchers have learned about ADHD in the past decade and discuss how a strength-based approach turns the diagnosis into an asset in life.

Childcare with dinner provided. Pre-registration required by October 21.
